# Agenda

- **Objective**
- **Busway**
  - **Tags**
- **Bidirectional Roads with Busway**
- **Oneway Roads with Busway**
- **Summary of Busway Tags**

# Objective

# Objective

Gain a understanding of the tags needed to edit busways in OSM.

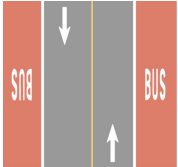

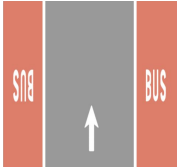

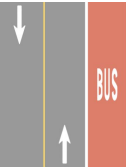

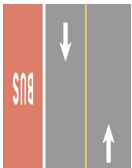

# Busway

# Busway

- Busway and bus lanes are lanes designated for bus use
- This is indicated by painted road markings
  - A lane adjacent to a vehicle lane is used for buses only
  - When the lanes on road are only used by bus

# Busway Tags

Key	Value	Explanation	Some Examples
busway	lane	Lanes on the far right and far left of the roadway going both directions on a bi-directional road, designated for bus use only.	
busway:both	lane	The bus lane is on both sides of the road, on a one way road	
busway:right	lane	The bus lane is only on the right side of the road.	 
busway:left	Lane	The bus lane is only on the left side of the road.	 

# **Bidirectional Roads with Busway**

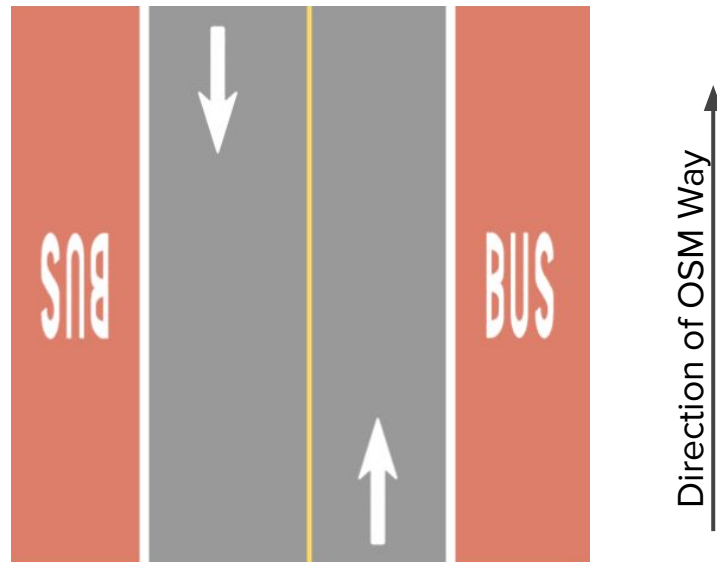

# Bidirectional Roads with Busways

In this example, there are bus lanes on both sides of this bidirectional road

- Do not use 'busway:right' or 'busway:left' for this situation
- Only one tag is needed

Key	Value
busway	lane

# Bidirectional Roads with Busways on the Right

In this example, there is a bus lanes on 'right' side

- By 'right' side, this is the right side in relation to the inherited direction of the way
- Only one tag is needed

Key	Value
busway:right	lane

# Bidirectional Roads with Busways on the Left

In this example, there is a bus lanes on 'left' side

- By 'left' side, this is the right side in relation to the inherited direction of the way
- Only one tag is needed

Key	Value
busway:left	lane

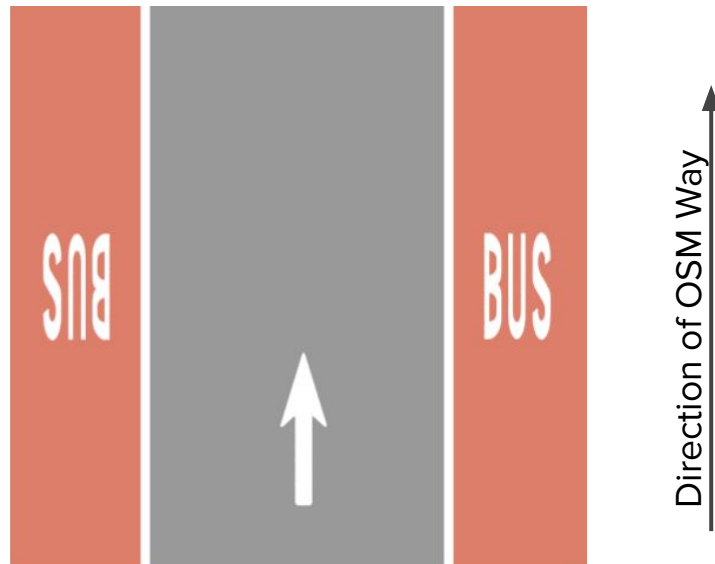

# Oneway Roads with Busway

# Oneway Roads with Busways

In this example, there are bus lanes on both sides of this oneway road

- 'oneway=yes' is a tag that should be added to all one way roads
- Tags needed to address the busways

Key	Value
busway:both	lane
oneway	yes

# Oneway Roads with Busways on the Right

In this example, there is are bus lanes on the right side of this oneway road

- 'oneway=yes' is a tag that should be added to all one way roads
- Tags needed to address the busway

Key	Value
busway:right	lane
oneway	yes

# Oneway Roads with Busway on the Left

In this example, there is are bus lanes on the left side of this oneway road

- 'oneway=yes' is a tag that should be added to all one way roads
- Tags needed to address the busway

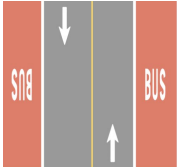

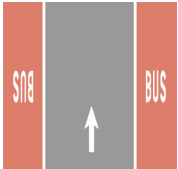

Key	Value
busway:left	lane
oneway	yes

# Summary

# Busway Type

Key	Value	Explanation	Some Examples
busway	lane	Lanes on the far right and far left of the roadway going both directions on a bi-directional road, designated for bus use only.	
Busway:right	lane	The bus lane is on both sides of the road, both sides are tagged explicitly.	
Busway:both	lane	The bus lane is only on the right side of the road.	
busway:left	Lane	The bus lane is only on the left side of the road.	

**Thank you**
