Streets Opened for Social Distancing

(source - <https://www1.nyc.gov/html/dot/html/pedestrians/openrestaurants.shtml>)

Context:

Open Streets are available daily, 8 am to 8 pm (unless otherwise noted) for pedestrians and cyclists to use the roadbed of the street while maintaining social distancing. Opening hours may vary by location due to NYPD staffing.

No through traffic permitted while Open Streets are in effect. Vehicle traffic is limited to local deliveries, pick-ups/drop-offs, necessary city service vehicles, utility vehicles and emergency vehicles only. When Alternate Side Parking regulations are in effect, drivers must move their vehicles from the street, and may return when ASP is over. These drivers are advised to be extremely cautious and to drive 5 MPH or slower.

On hot summer days, NYC will activate cooling features on a selection of Open Streets with dense tree canopy cover. These locations are identified as "Cool Streets". During heat emergencies, NYC DEP and FDNY will install spray caps on the Cool Streets' hydrants, providing an outdoor cooling feature for the neighborhood.
